

Course evaluation results 2010

Computer Programming Languages and Algorithms in Bioinformatics, 2ECTS

Circle one number for each question

1. Overall how do you rate the course?

poor 1 2 3 4 5 excellent

5: 100% (4)

Average: 5.0

Comment:

2. Did the course meet your expectations?

not at all 1 2 3 4 5 completely

5: 75% (3)

4: 25% (1)

Average: 4.75

Comment:

3. How do you rate the degree of difficulty of the course?

too hard 1 2 3 4 5 too easy

4: 25% (1)

3: 75% (3)

Average: 3.25

Comment:

4. Did the course teach you skills that are relevant for your future research?

not at all 1 2 3 4 5 very relevant

5: 25% (1)

4: 75% (3)

Average: 4.25

Comment:

5. Were the lectures helpful?

not at all 1 2 3 4 5 very helpful

5: 75% (3)

4: 25% (1)

Average: 4.75

Comment:

6. How do you rate the performance of the lecturer (clear, well structured, engaging)?

poor 1 2 3 4 5 excellent

5: 75% (3)

4: 25% (1)

Average: 4.75

Comment:

7. Were the labs helpful?

not at all 1 2 3 4 5 very helpful

5: 50% (2)

4: 50% (2)

Average: 4.5

Comment:

8. How do you rate the performance of the lab supervisor?

poor 1 2 3 4 5 excellent

5: 50% (2)

4: 50% (2)

Average: 4.5

Comment:

9. Suggestions to improve the course:

- **More labs both on basic programming and bioinformatics applications would be good.**

10. General comments:

- **Good course!**
